**Sam's Super Seats** by Keah Brown

Sam loves herself, learning, and making her family and friends laugh. She also loves comfortable seats, including a graceful couch named after Misty Copeland and Laney, the sassy backseat of Mom's car.

After a busy morning of rest, Sam and her friends try on cute outfits at the mall and imagine what the new school year might bring. It's not until Sam feels tired, and the new seat she meets isn't so super, that she discovers what might be her best idea all day.

**What Happened to You?**

by James Catchpole

Imagine you were asked the same question again and again throughout your life . . .

Imagine if it was a question that didn't bring about the happiest of memories . . .This is the experience of one-legged Joe, a child who just wants to have fun in the playground . . .Constantly seen first for his disability, Joe is fed up of only ever being asked about his leg. All he wants to do is play Pirates. But as usual, one after the other, all the children ask him the same question they always ask, "What happened to you?" Understandably Joe gets increasingly angry! Until finally the penny drops and the children realize that it's a question Joe just doesn't want to answer . . . and that Joe is playing a rather good game . . . one that they can join in with if they can stop fixating on his missing leg . . .Because children are children, after all. Based on experiences the disabled author had as a young child, WHAT HAPPENED TO YOU? genuinely reflects a disabled child's perspective for both disabled & able-bodied readers.

**You Are Brave** by Dr. Hannah Alarm

With Zak at her side, she sets out to find a new hobby. She watches her classmates play basketball, use adapted devices to swim, and even make art in the park. But every time she thinks about joining them, Ally feels a nervous flutter in her chest. You Are Brave is a book for every kid who has ever thought, "What if I'm not brave enough?" It's about the courage we find within ourselves, and the wonderful possibilities that open up when we have the confidence to try something new.

Young Adult

**Rolling Warrior**

Paralyzed from polio and raised by her Holocaust-surviving parents in New York City, Judy had a drive for equality that was instilled early in life. In this young readers' edition of her acclaimed memoir, Being Heumann, Judy shares her journey of battling for equal access in an unequal world. Judy's bravery, persistence, and signature rebellious streak will speak to every person fighting to belong and fighting for social justice.

Disability Visibility: First-Person Stories from the Twenty-First Century
Edited by Alice Wong

One in five people in the United States lives with a disability. Some disabilities are visible, others less apparent—but all are underrepresented in media and popular culture. Activist Alice Wong brings together this urgent, galvanizing collection of contemporary essays by disabled people, just in time for the thirtieth anniversary of the Americans with Disabilities Act. From Harriet McBryde Johnson's account of her debate with Peter Singer over her own personhood to original pieces by authors like Keah Brown and Haben Girma; from blog posts, manifestos, and eulogies to Congressional testimonies, and beyond: this anthology gives a glimpse into the rich complexity of the disabled experience, highlighting the passions, talents, and everyday lives of this community. It invites readers to question their own understandings. It celebrates and documents disability culture in the now. It looks to the future and the past with hope and love.

Sitting Pretty: The View from My Ordinary Resilient Disabled Body
by Rebekah Taussig

Writing about the rhythms and textures of what it means to live in a body that doesn’t fit, Rebekah reflects on everything from the complications of kindness and charity, living both independently and dependently, experiencing intimacy, and how the pervasiveness of ableism in our everyday media directly translates to everyday life. Disability affects all of us, directly or indirectly, at one point or another. By exploring this truth in poignant and lyrical essays, Taussig illustrates the need for more stories and more voices to understand the diversity of humanity. Sitting Pretty challenges us as a society to be patient and vigilant, practical and imaginative, kind and relentless, as we set to work to write an entirely different story.
